The Only Way To Navigate the World of Rural Health is with a Compass. This is Yours.

California State Rural Health Association’s 12th Annual Rural Health Conference
Tuesday, November 13th & Wednesday, November 14th

The only multidisciplinary gathering of all levels of the rural healthcare safety net in California with a highly interactive program, combining high-level presentations with targeted, hands-on workshops and networking opportunities.

• There will be more than 400 professionals and leaders in attendance
• Over 60% of our attendees represent the leadership and administrators from rural hospitals and clinics from around the state
• A majority of attendees are in the position to make policy and buying decisions for their organization
• Networking with participants throughout the event is highlighted
